I was stopped at the red light on Route 9 at Elm Street just before 5:40pm on 14 August 2026. I felt a heavy impact from behind and my car was pushed forward about a metre. The other driver apologised and said she had been looking at her phone. The rear bumper is pushed in and the parking sensors beep constantly. Police attended and gave me the reference SPD-2026-44120.

I confirm that the information given above is true and complete to the best of my knowledge and belief.
